When Clicked "Upload" Button

Upload Screen

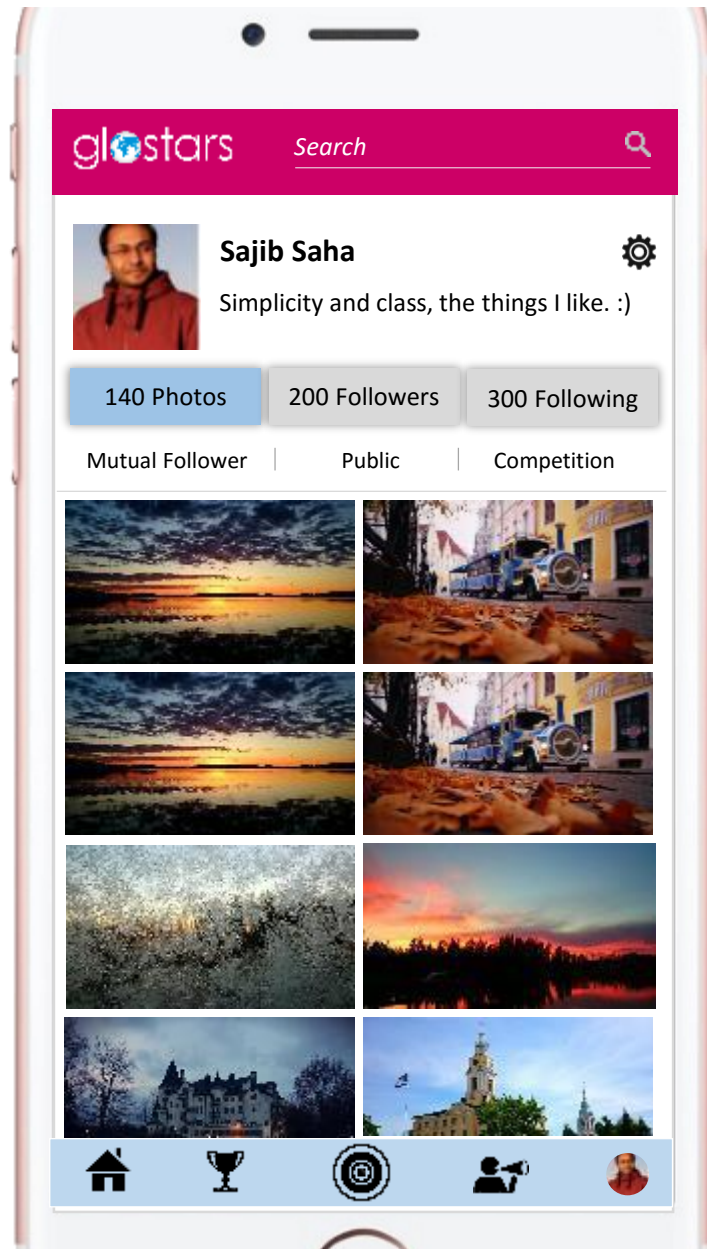

Rules

- **Slide 1:** The first page will have three sliding pages. It should move with Finger Swiping
- **Navigation Bars:** Top Navigation Bar will have Logo and Search Bar. Bottom Navigation Bar will Home, Competition, Upload, Notification and Profile menu
- **Slide 2:** Home page will start with *Recent Uploads* section with 15 pics options to be swiped and view
- **Slide 2:** After Recent Uploads, there will be Feeds section with my pictures and pictures uploaded by the users who the logged in user is following
- **Slide 2:** Each post in the feed will have- profile pic, name, picture description, time of upload, category of upload (i.e. Mutual Followers/Public/Competition) symbol. And a star symbol (either filled in our brand color or blank), it will be filled in brand color if Logged in user have rated the picture already and it will be blank if the logged in user has not rated the pic.
- **Slide 2: while rating the pic:**
 - 1. For Pubic & Mutual Followers pic:** user needs to double tap on the picture (like Instagram) but the animation of appearing stars on the picture needs to be different than Instagram. After double tapping the star count will be added with the count on top
 - 2. For Competition pic:** user needs to double tap on the picture (like Instagram), then there will be an overlay on the picture with option of 5 Stars, so the user can put the desired number of stars. Then the provided number of stars will be added with total count of the stars on top.

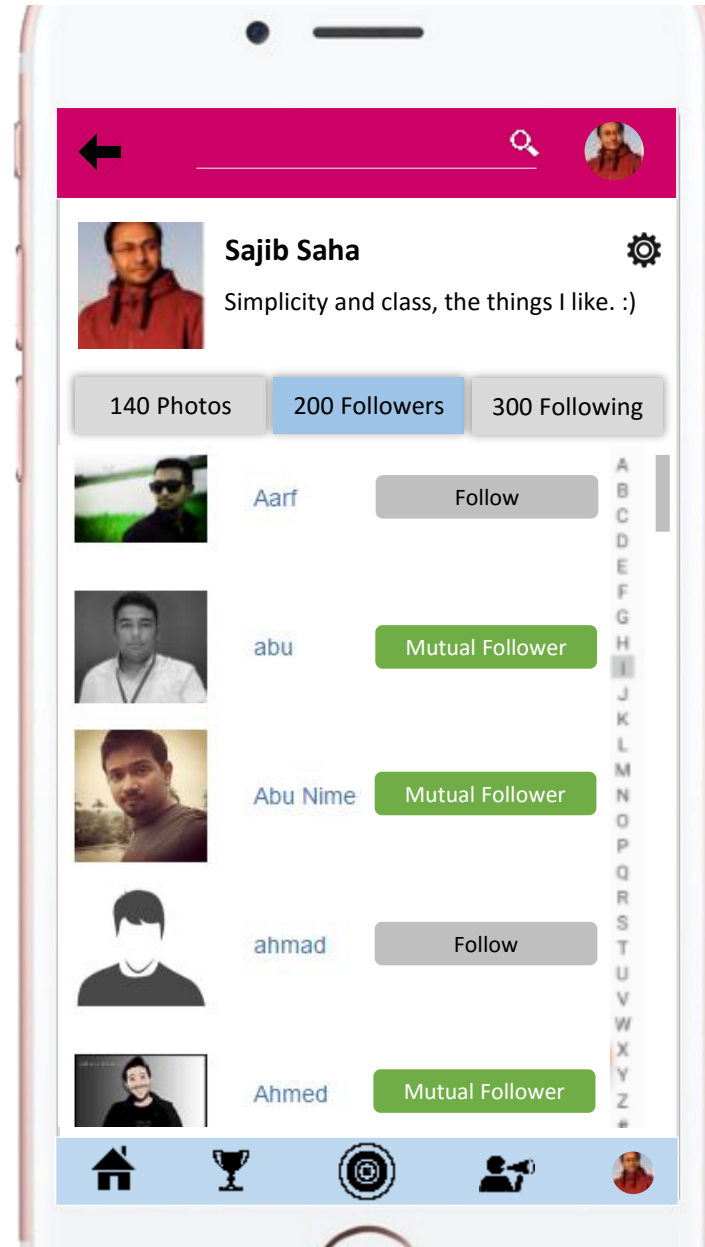

Rules

- **Slide 2: while deleting the rating on the picture**
 1. **For Pubic & Mutual Followers pic:** user can tap on the magenta star above to remove his/her provided rating
 2. **For Competition pic:** user needs to tap on the magenta star above then the same overlay with 5 stars will appear consisting of his/her previously provided stars. Then if s/he tap on the same number then it will become 0, else by tapping on other numbered star it will count it as new vote for that picture.
- **Slide 2: while commenting on the picture:** it should go to a new page, as per design. It should have time of posting and option to “Delete” and “Edit” own comment
- **Slide 4: while sharing the picture:** if clicked on the share icon then this is how it should show
- **Slide 4: Competition >> Gallery:** it should come in grid view (2 pics in 1 row)
- **Slide 5:** this is how it will show if any of the competition picture is clicked to enlarge
- **Slide 6 & 7:** quite straight forward as it is shown in the slides
